DEATH OF AN OLD RESIDENT.

Mrs. George Rachau Passed Away Tuesday Morning at Skidmore.

Mrs. George Rachau, an old resident of Skidmore, died at her home there Tuesday morning about 10 o'clock, after an illness of about thirty minutes.

Mrs. Rachau seemed in her usual health, which was fair for a woman of her years, 79, and had played with her great-grandchild with considerable enjoyment. About 9:30 o'clock she started to visit a friend, Mrs. Carrie Stults, a few blocks from her home, and when she had walked a distance of two blocks she became confused and wandered out into the road for the distance of a block, when she fell. Neighbors ran to her assistance and she was carried to her home where she died a few minutes later. The physician summoned gave the cause of her death as cerebral hemorrhage.

The funeral arrangements have not yet been made, but it is expected they will be held Thursday.

Eliza Ann Rachau was in her seventy-ninth year. She was born in Huntingdon county, Pennsylvania, May 4, 1844, and was married to her husband in Center county, Pennsylvania, in 1859. Two children were born to them, Mrs. Mary Palmerton of Burlington Junction and William Rachau of Council Bluffs. They came to Nodaway county from Pennsylvania in 1879 and settled in the vicinity of Skidmore, where they have lived ever since. Mr. Rachau is quite old and feeble. A granddaughter kept house for them.

ARE IN THE LEAD.

Montgomery-Lyle Team Ahead in Normal Basket Ball Tournament.

Standing of the Teams.

	Won.	Lost.	Pr.ct
Montgomery-Lyles	7	2	.777
Toggeries	7	3	.700
Bull Mooses	5	5	.500
Montgomery Shoe Co.	4	6	.400
Bee Hives	3	6	.333
Berney Harris	3	7	.300

The Toggeries and the Bee Hives were victors over the Bull Mooses and the Montgomery Shoe Co. teams in the Normal basket ball tournament games Monday evening.

The Toggery-Moose game was the more interesting contest of the two, the final score being 12 to 9. Cap. Seymour of the Toggeries played a great game. He scored ten of his team's twelve points, beside playing a great defensive game. "Sey" has a great amount of endurance, has an "eagle eye" for baskets and plays the game from start to finish. He will doubtless have a successful season with the green and white this year. "Buck" Holmes, Seymour's teammate, was slightly injured just before the close of the game when he had a collision with Vandersloot. Lee Schaub finished the game in Holmes' stead. The line-up of the game:

Toggeries—Forwards, Seymour and Holmes; center, Johnson; guards, Bailey, Shaub and Hawley.

Mooses—Forwards, Vandersloot and Hanna; center, Jones; guards, Hart and Richie.

Summary—Field goals, Vandersloot 2, Seymour 3, Holmes, Richie. Free throws, Vandersloot 3, Seymour 4.

Although the Bee Hives only defeated the Montgomery Shoe Co. five points, there was little doubt as to the outcome of the game after the first few minues of play. The score was 13 to 8. Prof. Eek of the Hives is beginning to show a little of his old-time form. He got three field goals and a free one. The line-up:

Bee Hives—Forwards, Eek and Carpenter; center, Anderson; guards, Hartness and Hanna.

Montgomery Shoe Co.—Forwards, Watson and Britain; center, Starmer; guards, Powell and Woodward.

Summary—Field goals, Watson 2, Eek 3, Hartness, Hanna. Free throws, Woodward 3, Eek, Watson, Carpenter 2.

The most important game of the tournament thus far will be the Montgomery-Lyle-Toggery game Wednesday afternoon. If the Montgomery-Lyles win they practically have first place cinched, but if the Toggeries are the victors they will have an even chance to win out.

Runaway Near Hopkins.

As Mrs. Ora Morehouse of near Hopkins was going to the railway station in Hopkins Monday forenoon to meet her mother, Mrs. S. W. Mr. Clarence Llerlly of Conception Junction was the guest of Miss Emma Jane Crandall Sunday.

The sermons, which are to be given at the Normal under the auspices of the Normal Y. M. C. A., will be given the second Tuesday in each month for six months. SLOT MACHINES SHOULD GO.

Much Complaint Has Been Made Recently in Regard to These Machines.

Slot machines in various stores around the city should not be allowed to run, said a prominent citizen Tuesday.. He told how in one place he saw several boys playing the machine and what a bad habit it was for a young boy to get into.

Much complaint has been made recently in regard to these machines, and Mayor Robey and the city officials should heed these people. These machines and played for cigars and gum, but the habit is a very bad one and is apt to lead young people to gaming.

Landensohn is a traveling salesman for a liquor house and was charged with giving away sample whisky bottles to a few persons at Guilford, before he sold the whisky. WILL COLLECT FARM PARCELS.

New Postal Service Gives Preference to Rural Route Shippers.

The farmer who lives on a rural mail route is going to have a convenience his cousins in the city will not have. When the parcels post is put in operation January 1 the city man will have to carry or send his parcels to the postoffice. But the farmer will merely have to carry his parcels post package to the road in front of his home and give it to the rural mail carrier.

The carrier will weigh it, determine the postage and carry it to the postoffice. The parcels post law gives the farmer the best of it on the collection end, but the postoffice will deliver all parcels post matter in the city or on rural routes. However, the city man is benefited by the arrangement. It makes it convenient for the farmer to send real country sausage, fresh butter, eggs and other products direct to the consumer.

The postoffice department has finished the parcels post maps that will be sent to all postoffices. The map divides the country into unit areas thirty miles square. Each unit area has its own number and every postoffice in it is listed under that number. The postoffices in each unit area measures the distance from the center of that area and not from the postoffice itself. These units are determined by dividing into four parts the quadrangles formed by meridians and parallels.

My Wife.

My wife is my boss; I shall not deny it.

She maketh me to lie down behind the bed when swell company cometh.

She leadeth me behind her up Main street.

She restoreth my pocket after she hath spent its contents for hobble skirts and willow plumes.

She leadeth me up the main aisle of the church for her new hat's sake.

Yea, though I walk more than half the night through dark rooms with a crying baby; I will get no rest for she is behind me; her broomstick and her hatpin do everything but comfort me. —Ex.

GET A TEN CENT BOX OF CASCARETS

Insures You for Months Against a Sick Headache, Biliousness, Constipation or a Bad Stomach.

Put aside—just once—the salts, cathartic pills, castor oils or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.—Advertisement.

Instant relief—my skin cooled, soothed and healed!
The very first drops of D.D.D. Prescription for Eczema stopped that awful itch instantly; yes, the very moment D.D.D. touched the burning skin the torture ceased. A 25c bottle proves it.
D.D.D. has been known for years as the only absolutely reliable eczema remedy, for it washes away the disease germs and leaves the skin as clear and healthy as that of a child.
All other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.
But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

DIAMOND ROBBERS SHOT DOWN FIVE

After Shooting Detectives, Man Killed Himself and Woman Companion.

THREE ARE FATALLY INJURED

Most Desperate Gunplay New York Officers Have Met in Many Years —Woman's Bullets Disabled Officer.

New York, Nov. 19.—A man and woman stood in a small room of a hotel in the Bronx and deliberately shot down three detectives and two other men who were trying to place the pair under arrest. After nearly emptying the 11 chambers of his large automatic revolver, reinforced by shots from an ordinary revolver in the hands of his woman companion, and probably fatally wounding four of those whom he shot down, the man shot and killed the woman and then put a bullet through his own head, dying instantly.

This is the outline of one of the most serious shooting affrays the detectives of this city have run into for years.

The dead man registered at the hotel as Joseph Vogel. The woman with him had registered as Lottie Vogel.

Trail Pair to Hotel.

The detectives were on the trail of the pair, suspecting them of having been accomplices in a diamond robbery for which Sophie Beckenhorf, a domestic, had been held for the grand jury. The woman who had lost the jewels traced the girl to Vogel's house and told the detectives of her discovery. After a taxicab chase the detectives learned that the Vogels had sought lodging at the Elsmore hotel in the Bronx.

Central Office Detective Martin F. Fay and Private Detectives John Allen and Louis Gerade went to the hotel immediately.

Both Fire at Officers.

Vogel opened the door in response to a summons and as Allen forced his way in declaring that the couple were under arrest Vogel struck the detective over the head with a black jack and then grasped a magazine revolver which lay upon the bed. His first bullet struck Allen in the head and he fell, probably fatally hurt.

Detectives Fay and Gerade, rushed into the room, followed by Proprietor Mondeschein and Butler. Vogel let go one shot after another, nearly every one taking effect.

The woman, also armed, had fired several shots, some of which it is believed, hit the detective.

Evidently crazed at his gun work, Vogel turned his gun upon his young woman companion and then made quick work of himself by putting the last bullet from his gun into his head and fell dead. At the hospital to which all of the wounded were removed it was said that probably all, except Butler and Gerade, would die.

TWO ESCAPED FROM ALCATRAZ

Military Prison on Island Could Not Hold Ex-Soldiers From Leavenworth, Kansas.

San Francisco, Nov. 19.—Two military convicts escaped from the army penitentiary on Alcatraz Island in San Francisco bay and have not been recaptured. The men sawed their way out of cells and left the island on a raft. Whether they reached shore or were swept to sea by the tide, has not been learned.

The men were Thomas Franey and Michael Mullin, formerly cavalrymen, brought here from Fort Leavenworth, Kan., to serve terms of ten and eight years, respectively, for having assaulted a guard in an attempted jail break there.

Few men have succeeded in escaping from Alcatraz, but several have been drowned while attempting to swim ashore.

ROW OVER LINCOLN'S PICTURE

Texas Governor Denies Attempt to Eliminate Likeness From Textbooks of State.

Austin, Tex., Nov. 19.—"I would rather resign the governor's office of Texas," said Gov. O. B. Colquitt, in a statement just issued, "than to have my children studying a school text book without Abraham Lincoln's picture in it, and I am the son of a Confederate soldier, too."

The state text book board has been accused of attempting to eliminate Lincoln's picture from a history. Gov. Colquitt denied that any member of the board had made any such suggestion.

Railway Commission in Session.

Washington, Nov. 19—The National Association of Railway Commissions began its twenty-fourth annual convention in the offices of the interstate commerce commission here today. President C. E. Staples delivered the opening address. He outlined the objects of the organization and stated the principal work of the delegates at the present meeting would be the discussion of reports from nineteen committees which were assigned various subjects last year for special investigation.

GREATEST SINGLE VICTORY OF WAR

Servians Capture Monastir, With 50,000 Men and 47 Guns.

MACEDONIA IS LOST TO TURKEY

Sultan Makes Fresh Appeal to European Sovereigns for Intervention —Armistice May be Arranged With Montenegro.

London, Nov. 19.—Any idea that the Turkish government may have had of benefitting by continued resistance must be shattered by the day's news of the fall of Monastir. In the capture of that important town the Servians took three pashas, including the commander-in-chief, Zekki Pasha, 50,000 men and 47 guns, thus achieving the greatest individual success of the war.

Monastir was the second city of importance in European Turkey. It was Turkey's stronghold in Macedonia and by its downfall Macedonia passes completely out of Turkish hands.

What part the Greeks played in the capture has not yet been ascertained. It is known that the Greek army was marching to the assistance of the Servians, and it is supposed the Greeks were able to cut off the Turkish retreat to the south.

Servians Elated.

The Servians naturally will be elated at this victory, which outshines the capture of Saloniki, and must have great moral effect on the future course of the war.

Another of the strange silences which have been characteristic of this war appears to have fallen over Constantinople from which city only brief dispatches have been received telling of the resumption of the Tchataija battle, and that the sultan has made a fresh personal appeal to the European sovereigns to intervene for the termination of the war. Quite as little may be expected to come from this appeal as the previous attempt at mediation by the powers.

With cholera and typhus ravaging her demoralized army, and a powerful enemy hammering at the gates of the capital, Turkey must again appeal to the allies for terms.

A private telegram received at Belgrade reports that Scutari has surrendered.

Armistice Arranged?

The Cettinjo correspondent of the Daily Mirror says that he learns on the highest official authority that an armistice between the Montenegrins and Turks is imminent. According to the Sofia correspondent of the Daily Mail, the Bulgarian cabinet sat all day discussing the terms of peace to be offered Turkey in the name of the Balkan league. Servia insists on acquiring a part of the Albania coast, together with Durazzo. There is reason to believe, adds the correspondent, that the allies will insist upon the cession of the whole of the conquered territory, including all of Albania.

USED HYPNOTISM ON A CONVICT

California Authorities Made Many tests to Force Condemned Man to Talk.

Sacramento, Cal., Nov. 19.—Charles Carson, a condemned prisoner at Folsom penitentiary, who for three years has not uttered a syllable, has just been subjected to a hypnotic test in an effort to break his silence, or at least to determine whether his muteness was willful. The test failed to make Carson utter a sound, but the hypnotist, Dr. G. R. Hubbel, announced as his opinion that Carson was a malingerer.

Carson took a keen interest in the day's proceedings, the latest of a number of efforts by experts to solve his muteness and prove whether it is real or assumed.

Originally sentenced to be hanged in 1906 for his part in the prison break of 1904, reprieves from three governors saved his life while appeals were in process. He was resentenced in 1909 and since that time has not spoken even when under the influence of anaesthetics.

Electricity was included in the test and caused Carson to utter inarticulate sounds, evidently produced in his throat.

Kansas Agricultural Congress.

Hutchinson, Kan., Nov. 19.—Some of the best known experts on farm and industrial conditions in the country were present here today when the Kansas Agricultural congress was opened. President Edwin Taylor of Edwardsville delivered the opening address and then Prof. L. E. Call of the agricultural college discussed soil problems and Dean Blackmar talked on the cost of living. In the afternoon the speakers were Prof. E. H. Webster on live stock, and Charles F. Scott on "The County Farm Adviser." Tonight and tomorrow railroads and good roads will be the chief topics of discussion.

Jumped From Train.

Amarillo, Tex., Nov. 19.—Escaping through the window of a moving train, Oliver H. Akin, who was being returned from Los Angeles, Cal., to Norman, Ok., to face charges of passing worthless checks, has eluded recapture and is believed to be in hiding in New Mexico.

MINER BEHEADED HIS SISTER

CULPRIT CAREFULLY GUARDED, FEARING LYNCHING.

Public Indignation at Fever Heat and Threats of Violence Are Openly Made.

Rawlings, Wyo., Nov. 19.—Melvin Davis, 21 years old, who beheaded his sister, Mrs. Frank Ryder, is carefully guarded in jail here.

Sheriff Campbell fears a lynching. Mrs. Davis, mother of the prisoner, is prostrated and it is feared she may die.

The murder has aroused public indignation and threats against Davis have been openly made.

Davis quarreled with his sister in their mother's home. Davis, who is a miner, became enraged and fired a shot at his sister. She ran to her mother's arms. Davis advanced to fire another shot and the woman ran into the yard. The enraged man seized an ax and rushed at her. Mrs. Ryder's little daughter saw the attack.

"Uncle Mel," she cried, "don't kill mamma! Don't kill mamma."

Daxis swung the ax, striking his sister in the neck and severing her head from her body. He fled, but was captured several miles from Rawlins.

Mrs. Ryder's death leaves six small children motherless. Two of them saw the killing.

ST. LOUIS PROMOTER NOT GUILTY

E. G. Lewis, Mayor of a Residence Suburb Said to Have Made Millions on Publications.

St. Louis, Nov. 19.—The jury in the case of E. G. Lewis, charged with using the mails to defraud, reported to Judge Willard in the United States district court that it had found that Lewis was not guilty on three of the 11 counts in the indictment and that it was unable to agree as to the other counts. The jury was discharged.

This was Lewis' second trial on the indictment which was returned by a special grand jury July 12, 1911.

The indictment covered four propositions which were placed before the public by Lewis through the mails. It was alleged that he obtained millions of dollars from investors by making misleading statements in the advertisements in his publications. Lewis was the incorporator and is the mayor of University City, a residential suburb.

Lewis' defense was that the postoffice department, by issuing a fraud order, prevented him from carrying his companies to a successful end. He was acquitted May 14, 1908, of a charge of misusing the mails in the organization and conduct of the People's United States bank.

POSTOFFICE SAFE BLOWN OPEN

Mexico, Mo., Nov. 19.—The vault of the Sturgeon postoffice was blown open at an early hour in the morning. The safe blowers got $8 and $200 worth of stamps. It is believed the robbers escaped in a motor car. At 2 o'clock in the morning three men in a motor car stopped at the Wabash station and inquired the way to Columbia. The robbery was not discovered until 7 o'clock. A year ago the Sturgeon postoffice was robbed of $400.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetze, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy.

Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it.

It may be just the medicine you need.

GOOD CROWD AT MEETING.

And Great Interest Shown in the Christian Church Revival Which Commenced Sunday.

A large sized crowd was in attendance at the Christian church Monday night to hear Rev. Walter E. Harman deliver an excellent sermon on "The Church and Evangelistm." Great interest is being taken in these meetings.

Rev. Harman discussed weakness and strength of modern evangelistic efforts and failure of sensationalism to build up a church. He said that the drag net system introduces false processes in life of church.

DEATH OF AN OLD RESIDENT.

Mrs. George Rachau Passed Away Tuesday Morning at Skidmore.

Mrs. George Rachau, an old resident of Skidmore, died at her home there Tuesday morning about 10 o'clock, after an illness of about thirty minutes.

Mrs. Rachau seemed in her usual health, which was fair for a woman of her years, 79, and had played with her great-grandchild with considerable enjoyment. About 9:30 o'clock she started to visit a friend, Mrs. Carrie Stults, a few blocks from her home, and when she had walked a distance of two blocks she became confused and wandered out into the road for the distance of a block, when she fell. Neighbors ran to her assistance and she was carried to her home where she died a few minutes later. The physician summoned gave the cause of her death as cerebral hemorrhage.

The funeral arrangements have not yet been made, but it is expected they will be held Thursday.

Eliza Ann Rachau was in her seventy-ninth year. She was born in Huntingdon county, Pennsylvania, May 4, 1844, and was married to her husband in Center county, Pennsylvania, in 1859. Two children were born to them, Mrs. Mary Palmerton of Burlington Junction and William Rachau of Council Bluffs. They came to Nodaway county from Pennsylvania in 1879 and settled in the vicinity of Skidmore, where they have lived ever since. Mr. Rachau is quite old and feeble. A granddaughter kept house for them.

ARE IN THE LEAD.

Montgomery-Lyle Team Ahead in Normal Basket Ball Tournament.

Standing of the Teams.

	Won.	Lost.	Pr.ct
Montgomery-Lyles	7	2	.777
Toggeries	7	3	.700
Bull Mooses	5	5	.500
Montgomery Shoe Co.	4	6	.400
Bee Hives	3	6	.333
Berney Harris	3	7	.300

The Toggeries and the Bee Hives were victors over the Bull Mooses and the Montgomery Shoe Co. teams in the Normal basket ball tournament games Monday evening.

The Toggery-Moose game was the more interesting contest of the two, the final score being 12 to 9. Cap. Seymour of the Toggeries played a great game. He scored ten of his team's twelve points, beside playing a great defensive game. "Sey" has a great amount of endurance, has an "eagle eye" for baskets and plays the game from start to finish. He will doubtless have a successful season with the green and white this year. "Buck" Holmes, Seymour's teammate, was slightly injured just before the close of the game when he had a collision with Vandersloot. Lee Schaub finished the game in Holmes' stead. The line-up of the game:

Toggeries—Forwards, Seymour and Holmes; center, Johnson; guards, Bailey, Shaub and Hawley.

Mooses—Forwards, Vandersloot and Hanna; center, Jones; guards, Hart and Richie.

Summary—Field goals, Vandersloot 2, Seymour 3, Holmes, Richie. Free throws, Vandersloot 3, Seymour 4.

Although the Bee Hives only defeated the Montgomery Shoe Co. five points, there was little doubt as to the outcome of the game after the first few minues of play. The score was 13 to 8. Prof. Eek of the Hives is beginning to show a little of his old-time form. He got three field goals and a free one. The line-up:

Bee Hives—Forwards, Eek and Carpenter; center, Anderson; guards, Hartness and Hanna.

Montgomery Shoe Co.—Forwards, Watson and Britain; center, Starmer; guards, Powell and Woodward.

Summary—Field goals, Watson 2, Eek 3, Hartness, Hanna. Free throws, Woodward 3, Eek, Watson, Carpenter 2.

The most important game of the tournament thus far will be the Montgomery-Lyle-Toggery game Wednesday afternoon. If the Montgomery-Lyles win they practically have first place cinched, but if the Toggeries are the victors they will have an even chance to win out.

Runaway Near Hopkins.

As Mrs. Ora Morehouse of near Hopkins was going to the railway station in Hopkins Monday forenoon to meet her mother, Mrs. S. W. Lowrey of Maryville, who was coming to spend the day with her, the horse she was driving ran away and threw her from the buggy. She was not hurt beyond being badly frightened.

Mr. Clarence Lierlly of Conception Junction was the guest of Miss Emma Jane Crandall Sunday.

DISCUSS PROBLEMS

SIX LECTURES TO NORMAL STUDENTS ON "PROBLEMS."

ARRANGED BY Y. M. C. A.

The Town Men Are Also Invited to Hear the Monthly Tuesday Talks by Rev. C. J. Miller.

If the young men of the Normal don't get some idea of the problems of religion within the next six months it won't be the fault of Rev. Claude J. Miller of the First Christian church of this city.

Beginning Tuesday, December 10, Rev. Miller will give a series of lectures on "The Fundamental Religious Problems for the Young Men of the Twentieth Century." The sermons, which are to be given at the Normal under the auspices of the Normal Y. M. C. A., will be given the second Tuesday in each month for six months. Although the lectures were arranged primarily for the men of the Normal, President Faris of the Y. M. C. A. announced Tuesday that the men of the city were invited to attend.

The subjects of Rev. Miller's lectures and the date of each are given below:

December 10, 1912—"The Problem of a God."

January 14, 1913—"The Problem of Revelation."

February 11, 1913—"The Problem of Evil."

March 11, 1913—"The Problem of Evolution."

April 8, 1913—"The Problem of the Virgin Birth.

May 13, 1913—"The Problem of Prayer."

SLOT MACHINES SHOULD GO.

Much Complaint Has Been Made Recently in Regard to These Machines.

Slot machines in various stores around the city should not be allowed to run, said a prominent citizen Tuesday. He told how in one place he saw several boys playing the machine and what a bad habit it was for a young boy to get into.

Much complaint has been made recently in regard to these machines, and Mayor Robey and the city officials should heed these people. These machines and played for cigars and gum, but the habit is a very bad one and is apt to lead young people to gaming.

Iowa Guests Leave.

Mr. and Mrs. George E. Davis of Alvord, Ia., returned to their home Sunday night, after a visit since Thursday with Mr. Davis' father, George D. Davis, Miss Ruth Davis and Don Davis. Mr. Davis is in the banking business at Alvord, and business responsibilities make his visits back home few and far between.

Took Guests Home.

D. F. Sherlock returned to his home in St. Joseph Monday evening from a few days' business visit here. He was accompanied home by Mr. and Mrs. M. J. Sherlock and Miss Mary Tobin, living north of Maryville, for a visit at his home. Mr. and Mrs. M. J. Sherlock will visit Miss Clara Sherlock, who is attending the Benton high school in St. Joseph and making her home with Mr. and Mrs. D. F. Sherlock.

Addressed Young Ladies.

Mrs. Claude J. Miller addressed the young ladies of the Normal Tuesday morning at the regular weekly session of the Y. W. C. A. Her subject was "The College Girl's Past."

GLOVER GETS $25

VERDICT FOR PLAINTIFF IN FAMOUS CASE.

IRVINE CASE CONTINUED

"Old Kentucky" is Paroled on Payment of $50 and Costs—Verdicts Give in Mercantile Cases.

Late this afternoon the jury in the Glover-Garrett case came in and gave a verdict for the plaintiff for $25. Glover was suing for $25,000 damages.

The case of James Glover vs. D. T. Garrett for $25,000 damages for the alienation of his wife's affections went to the jury this morning at 11 o'clock, after the attorneys had presented their arguments. At 3 o'clock this afternoon the jury had not reported, and it is the opinion of several that it will be a hung jury.

The case of Louis Hammond vs. A. C. Ford, for damages, was on trial this afternoon in court.

Milton Ladensohn, charged on three counts with violation of the local option law, pleaded guilty in court this morning to the charge and was fined $300 in each case. He was, however, paroled for good cause shown and upon payment of a fine of $50 and costs in each case. Landensohn is a traveling salesman for a liquor house and was charged with giving away sample whisky bottles to a few persons at Guilford, before he sold the whisky. He was commonly known there as "Old Kentucky," as that was the brand of whisky he was selling.

In the cases of Martin and John Borrusch, the Richardson Dry Goods company, the Maryville National bank, against the Maryville Mercantile company and James W. Herndon and T. W. Costello, judgment was given to the plaintiffs in each of these cases. For Borrusch the judgment was $585.33.

In the cases of Frank McMackin and W. H. Davis and Effie McMackin against the Nodaway drainage district et al., they were continued for want of service in time.

The case of Thomas Wright vs. the Wabash railroad, for damages, was continued.

In the case of Mason & Wilderman vs. the R. C. H. corporation, the plaintiff dismissed suit.

In the cases of the city of Maryville vs. Eugene Lasley et al., tax bill, and that against Mary A. Touey et al., the plaintiff dismissed suit.

The cases of the city of Maryville vs. Mina Carpenter, Byron A. Frost, Dennis Reynolds, Charles E. Lytle, Mary R. Coleman and Wm. Murphy were all continued.

The cases against Mrs. Edna Irvine, charged with assault with intent to kill, and also carrying concealed weapons, were both continued by agreement. Mrs. Irvine was one of the important witnesses in the Glover-Garrett damage case.

The prosecuting attorney entered nolle pros in these cases: Walter Clemmens, charged with violation of local option law; Charley Ross, charged with felonious assault; Walter Griffith, charged with seduction under promise of marriage; C. E. Collins, charged with common assault.

Scott Cogdill, who lives near Conception Junction, was arrested and brought to Maryville Tuesday on a charge of common assault. He appeared in circuit court Tuesday afternoon and pleaded not guilty and gave bond for his appearance at a later day of court.

Cogdill, it is said, whipped and beat his 16-year-old daughter, Minnie. He had objected to her keeping company with a young man and she had obeyed him, but the other night when Cogdill came home he went into the girl's bedroom and pulled her out of bed and struck her several times.

Cogdill has been in trouble before, having had a damage case against him in circuit court which was filed by Jim Stewart of Clyde.

The young man said on the stand that he was crazy and would like to go some place where they treat crazy people.

Owing to the fact that Rev. J. D. Randolph of the M. His subject, "The Problem of the City and the Rural Regions," was discussed by him Tuesday afternoon at the M. E. church, South, in addition to the outlined program for that time.

A good deal of interest is being taken in these services, and the programs are full of splendid instruction to everybody.

WILL COLLECT FARM PARCELS.

New Postal Service Gives Preference to Rural Route Shippers.

The farmer who lives on a rural mail route is going to have a convenience his cousins in the city will not have. When the parcels post is put in operation January 1 the city man will have to carry or send his parcels to the postoffice. But the farmer will merely have to carry his parcels post package to the road in front of his home and give it to the rural mail carrier.

The carrier will weigh it, determine the postage and carry it to the postoffice. The parcels post law gives the farmer the best of it on the collection end, but the postoffice will deliver all parcels post matter in the city or on rural routes. However, the city man is benefited by the arrangement. It makes it convenient for the farmer to send real country sausage, fresh butter, eggs and other products direct to the consumer.

The postoffice department has finished the parcels post maps that will be sent to all postoffices. The map divides the country into unit areas thirty miles square. Each unit area has its own number and every postoffice in it is listed under that number. The postoffices in each unit area measures the distance from the center of that area and not from the postoffice itself. These units are determined by dividing into four parts the quadrangles formed by meridians and parallels.

GET A TEN CENT BOX OF CASCARETS

Insures You for Months Against a Sick Headache, Biliousness, Constipation or a Bad Stomach.

Put aside—just once—the salts, cathartic pills, castor oils or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.—Advertisement.

Oh, How I Itched!

What long nerve-racking days of constant torture—what sleepless nights of terrible agony—itch—itch—itch, **constant itch,** until it seemed that I must **tear off my very skin**—then—
Instant relief—my skin cooled, soothed and healed!
The very first drops of D.D.D. Prescription for Eczema stopped that awful itch instantly: yes, the very moment D.D.D. touched the burning skin the torture ceased. A 25c bottle proves it.
D.D.D. has been known for years as the only absolutely reliable eczema remedy, for it washes away the disease germs and leaves the skin as clear and healthy as that of a child.
All other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.
But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.
J. C. Ferritor, Druggist.

DIAMOND ROBBERS SHOT DOWN FIVE

After Shooting Detectives, Man Killed Himself and Woman Companion.

THREE ARE FATALLY INJURED

Most Desperate Gunplay New York Officers Have Met in Many Years —Woman's Bullets Disabled Officer.

New York, Nov. 19.—A man and woman stood in a small room of a hotel in the Bronx and deliberately shot down three detectives and two other men who were trying to place the pair under arrest. After nearly emptying the 11 chambers of his large automatic revolver, reinforced by shots from an ordinary revolver in the hands of his woman companion, and probably fatally wounding four of those whom he shot down, the man shot and killed the woman and then put a bullet through his own head, dying instantly.

This is the outline of one of the most serious shooting affrays the detectives of this city have run into for years.

The dead man registered at the hotel as Joseph Vogel. The woman with him had registered as Lottie Vogel.

Trail Pair to Hotel.

The detectives were on the trail of the pair, suspecting them of having been accomplices in a diamond robbery for which Sophie Beckenhorf, a domestic, had been held for the grand jury. The woman who had lost the jewels traced the girl to Vogel's house and told the detectives of her discovery. After a taxicab chase the detectives learned that the Vogels had sought lodging at the Elsmore hotel in the Bronx.

Central Office Detective Martin F. Fay and Private Detectives John Allen and Louis Gerade went to the hotel immediately.

Both Fire at Officers.

Vogel opened the door in response to a summons and as Allen forced his way in declaring that the couple were under arrest Vogel struck the detective over the head with a black jack and then grasped a magazine revolver which lay upon the bed. His first bullet struck Allen in the head and he fell, probably fatally hurt.

Detectives Fay and Gerade, rushed into the room, followed by Proprietor Mondeschein and Butler. Vogel let go one shot after another, nearly every one taking effect.

The woman, also armed, had fired several shots, some of which it is believed, hit the detective.

Evidently crazed at his gun work, Vogel turned his gun upon his young woman companion and then made quick work of himself by putting the last bullet from his gun into his head and fell dead. At the hospital to which all of the wounded were removed it was said that probably all, except Butler and Gerade, would die.

TWO ESCAPED FROM ALCATRAZ

Military Prison on Island Could Not Hold Ex-Soldiers From Leavenworth, Kansas.

San Francisco, Nov. 19.—Two military convicts escaped from the army penitentiary on Alcatraz Island in San Francisco bay and have not been recaptured. The men sawed their way out of cells and left the island on a raft. Whether they reached shore or were swept to sea by the tide, has not been learned.

The men were Thomas Franey and Michael Mullin, formerly cavalrymen, brought here from Fort Leavenworth, Kan., to serve terms of ten and eight years, respectively, for having assaulted a guard in an attempted jail break there.

Few men have succeeded in escaping from Alcatraz, but several have been drowned while attempting to swim ashore.

ROW OVER LINCOLN'S PICTURE

Texas Governor Denies Attempt to Eliminate Likeness From Textbooks of State.

Austin, Tex., Nov. 19.—"I would rather resign the governor's office of Texas," said Gov. O. B. Colquitt, in a statement just issued, "than to have my children studying a school text book without Abraham Lincoln's picture in it, and I am the son of a Confederate soldier, too."

The state text book board has been accused of attempting to eliminate Lincoln's picture from a history. Gov. Colquitt denied that any member of the board had made any such suggestion.

Railway Commission in Session.

Washington, Nov. 19—The National Association of Railway Commissions began its twenty-fourth annual convention in the offices of the interstate commerce commission here today. President C. E. Staples delivered the opening address. He outlined the objects of the organization and stated the principal work of the delegates at the present meeting would be the discussion of reports from nineteen committees which were assigned various subjects last year for special investigation.

GREATEST SINGLE VICTORY OF WAR

Servians Capture Monastir, With 50,000 Men and 47 Guns.

MACEDONIA IS LOST TO TURKEY

Sultan Makes Fresh Appeal to European Sovereigns for Intervention —Armistice May be Arranged With Montenegro.

London, Nov. 19.—Any idea that the Turkish government may have had of benefitting by continued resistance must be shattered by the day's news of the fall of Monastir. In the capture of that important town the Servians took three pashas, including the commander-in-chief, Zekki Pasha, 50,000 men and 47 guns, thus achieving the greatest individual success of the war.

Monastir was the second city of importance in European Turkey. It was Turkey's stronghold in Macedonia and by its downfall Macedonia passes completely out of Turkish hands.

What part the Greeks played in the capture has not yet been ascertained. It is known that the Greek army was marching to the assistance of the Servians, and it is supposed the Greeks were able to cut off the Turkish retreat to the south.

Servians Elated.

The Servians naturally will be elated at this victory, which outshines the capture of Saloniki, and must have great moral effect on the future course of the war.

Another of the strange silences which have been characteristic of this war appears to have fallen over Constantinople from which city only brief dispatches have been received telling of the resumption of the Tchatalja battle, and that the sultan has made a fresh personal appeal to the European sovereigns to intervene for the termination of the war. Quite as little may be expected to come from this appeal as the previous attempt at mediation by the powers.

With cholera and typhus ravaging her demoralized army, and a powerful enemy hammering at the gates of the capital, Turkey must again appeal to the allies for terms.

A private telegram received at Belgrade reports that Scutari has surrendered.

Armistice Arranged?

The Cettinjo correspondent of the Daily Mirror says that he learns on the highest official authority that an armistice between the Montenegrins and Turks is imminent. According to the Sofia correspondent of the Daily Mail, the Bulgarian cabinet sat all day discussing the terms of peace to be offered Turkey in the name of the Balkan league. Servia insists on acquiring a part of the Albania coast, together with Durazzo. There is reason to believe, adds the correspondent, that the allies will insist upon the cession of the whole of the conquered territory, including all of Albania.

USED HYPNOTISM ON A CONVICT

California Authorities Made Many tests to Force Condemned Man to Talk.

Sacramento, Cal., Nov. 19.—Charles Carson, a condemned prisoner at Folsom penitentiary, who for three years has not uttered a syllable, has just been subjected to a hypnotic test in an effort to break his silence, or at least to determine whether his muteness was willful. The test failed to make Carson utter a sound, but the hypnotist, Dr. G. R. Hubbel, announced as his opinion that Carson was a malingerer.

Carson took a keen interest in the day's proceedings, the latest of a number of efforts by experts to solve his muteness and prove whether it is real or assumed.

Originally sentenced to be hanged in 1906 for his part in the prison break of 1904, reprieves from three governors saved his life while appeals were in process. He was resentenced in 1909 and since that time has not spoken even when under the influence of anaesthetics.

Electricity was included in the test and caused Carson to utter inarticulate sounds, evidently produced in his throat.

Kansas Agricultural Congress.

Hutchinson, Kan., Nov. 19.—Some of the best known experts on farm and industrial conditions in the country were present here today when the Kansas Agricultural congress was opened. President Edwin Taylor of Edwardsville delivered the opening address and then Prof. L. E. Call of the agricultural college discussed soil problems and Dean Blackmar talked on the cost of living. In the afternoon the speakers were Prof. E. H. Webster on live stock, and Charles F. Scott on "The County Farm Adviser." Tonight and tomorrow railroads and good roads will be the chief topics of discussion.

Jumped From Train.

Amarillo, Tex., Nov. 19.—Escaping through the window of a moving train, Oliver H. Akin, who was being returned from Los Angeles, Cal., to Norman, Ok., to face charges of passing worthless checks, has eluded recapture and is believed to be in hiding in New Mexico.

There in a nut-shell is the story of Dr. A. Reed Cushion Shoes—*comfort plus style*. And there's not another shoe made at any price that can equal the Dr. A. Reed Cushion Shoe in either.

It's far and away the easiest shoe on your foot. For it has a soft cushion insole that adapts itself to the sole of your foot—fills the hollows, supports the arch, and spreads your weight over your whole foot. That in itself means ease in walking. But more than that, the foot sinking down into the soft cushion insole releases the uppers—so that you can be sure you won't be bothered by corns, bunions and tired, aching, burning feet.

Up to the minute in style—you can have your choice of a big variety—everyone new and attractive. Why not come in today and see this restful, easy, stylish

MINER BEHEADED HIS SISTER

CULPRIT CAREFULLY GUARDED, FEARING LYNCHING.

Public Indignation at Fever Heat and Threats of Violence Are Openly Made.

Rawlings, Wyo., Nov. 19.—Melvin Davis, 21 years old, who beheaded his sister, Mrs. Frank Ryder, is carefully guarded in jail here.

Sheriff Campbell fears a lynching. Mrs. Davis, mother of the prisoner, is prostrated and it is feared she may die.

The murder has aroused public indignation and threats against Davis have been openly made.

Davis quarreled with his sister in their mother's home. Davis, who is a miner, became enraged and fired a shot at his sister. She ran to her mother's arms. Davis advanced to fire another shot and the woman ran into the yard. The enraged man seized an ax and rushed at her. Mrs. Ryder's little daughter saw the attack.

"Uncle Mel," she cried, "don't kill mamma! Don't kill mamma."

Davis swung the ax, striking his sister in the neck and severing her head from her body. He fled, but was captured several miles from Rawlins.

Mrs. Ryder's death leaves six small children motherless. Two of them saw the killing.

ST. LOUIS PROMOTER NOT GUILTY

E. G. Lewis, Mayor of a Residence Suburb Said to Have Made Millions on Publications.

St. Louis, Nov. 19.—The jury in the case of E. G. Lewis, charged with using the mails to defraud, reported to Judge Willard in the United States district court that it had found that Lewis was not guilty on three of the 11 counts in the indictment and that it was unable to agree as to the other counts. The jury was discharged.

This was Lewis' second trial on the indictment which was returned by a special grand jury July 12, 1911.

The indictment covered four propositions which were placed before the public by Lewis through the mails. It was alleged that he obtained millions of dollars from investors by making misleading statements in the advertisements in his publications. Lewis was the incorporator and is the mayor of University City, a residential suburb.

Lewis' defense was that the postoffice department, by issuing a fraud order, prevented him from carrying his companies to a successful end. He was acquitted May 14, 1908, of a charge of misusing the mails in the organization and conduct of the People's United States bank.

SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardui.

Meetze, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well.

One day, I decided to try some Cardui. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardui will do for sick women."

A few doses of Cardui at the right time, will save many a big doctor bill, by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy.

Thousands of weak women have been restored to health and happiness by using Cardui. Suppose you try it.

It may be just the medicine you need.
